**Comprehension:**

Read the following passage and answer the questions below.

William Shakespeare, celebrated as the greatest playwright in history, has profoundly shaped literature and theater. Through works like "Hamlet," "Macbeth," and "Othello," he explores enduring themes of human nature, ambition, love, and the consequences of moral choices. Shakespeare's timeless words continue to resonate, offering profound insights into the human condition.

In "Hamlet," he delves into the complexities of the human psyche and the moral quandaries faced by Prince Hamlet. "Macbeth" explores the perils of unchecked ambition, while "Othello" examines the destructive force of jealousy and mistrust within relationships.

Shakespeare's enduring appeal lies in his poetic language and universal themes, making his works relevant across cultures and time periods. His influence in the world of theater remains unparalleled, inspiring generations of artists and actors. In summary, William Shakespeare's exploration of themes like human nature, ambition, and love, coupled with his masterful use of language, ensures his legacy continues to captivate and enlighten audiences worldwide.

**SubQuestion No : 2**

**Q.2 What themes does William Shakespeare explore in his works like "Hamlet," "Macbeth," and "Othello"?**

- Ans     1. Human nature, ambition, love, and moral choices  
       2. Science and technology  
       3. Politics and economics  
       4. Historical events and figures

Chosen Option : --

**Comprehension:**

Read the given poem and answer the questions based on it:

Listen

with the night falling we are saying thank you  
we are stopping on the bridges to bow from the railings  
we are running out of the glass rooms  
with our mouths full of food to look at the sky  
and say thank you  
we are standing by the water thanking it  
standing by the windows looking out  
in our directions  
back from a series of hospitals back from a mugging  
after funerals we are saying thank you  
after the news of the dead  
whether or not we knew them we are saying thank you

**SubQuestion No : 6**

**Q.6 How is the passage structured in terms of its organization?**

- Ans    1. Thematic progression  
 2. Chronological order  
 3. Cause and effect  
 4. Random arrangement

Section : Part II Pedagogy

**Q.1** AN Whitehead says “ philosophers, when they have possessed a thorough knowledge of mathematics, have been among those who have enriched science with some of its best ideas”. This means that:

**Ans**  1.

a good philosopher should be able to prove mathematical theorems

2.

a good philosopher should be a good mathematician too, who is well versed with mathematical ideas and techniques to evaluate the validity of the truth and reality

3.

a good mathematician should learn philosophy to prove theorems

4. a good philosopher should not be a good mathematician

Chosen Option : 1

**Q.4** A teacher asked the students whether  $\sqrt{2}$  is rational or irrational. Which of the following is true with proper justification?

Ans  1.

$\sqrt{2}$  cannot be marked on the number line and hence it is irrational.

2.

There does not exist natural numbers p and q such that  $\sqrt{2} = \frac{p}{q}$ , so it is irrational.

3.  $\sqrt{2}$  lies between two rational numbers; hence, it is rational.

4.

If we square  $\sqrt{2}$ , we will get a rational number; so it is also rational.
